Poly Hook Spanner (Wrench Uni Spanner)

polyhookspanner.png

Poly Hook Spanner for convinient tightening of CELLFLEX® and HELIFLEX® connectors. Flexible design allows operation for multiple connectors and several applications.

Features / Benefits

- Flexible radius design ensures optimal fitting to different connector diameters
- Minimizes risk of connector damage

Technical Features

STRUCTURE

|                    |                                                                                               |
|--------------------|-----------------------------------------------------------------------------------------------|
| Product Type       | Tool                                                                                          |
| Cable Size         | 1 1/4", 1 5/8"                                                                                |
| Coaxial Cable Type | Foam Dielectric, Superflexible Foam Dielectric, Ultraflexible Foam Dielectric, Air Dielectric |

MECHANICAL SPECIFICATIONS

|                  |                 |
|------------------|-----------------|
| Length           | 250mm (9.8in)   |
| Weight per piece | 0.28kg (0.62lb) |
| Material         | Steel           |
